Job Information

Organisation/Company	Associação do Instituto Superior Técnico para a Investigação e Desenvolvimento _IST-ID
Department	DRH
Research Field	Engineering » Civil engineering
Researcher Profile	First Stage Researcher (R1)
Positions	Master Positions
Country	Portugal
Application Deadline	27 Jun 2025 - 23:59 (Europe/Lisbon)
Type of Contract	Not Applicable
Job Status	Not Applicable
Is the job funded through the EU Research Framework Programme?	Not funded by a EU programme
Reference Number	BiodivNBS/0010/2023
Is the Job related to staff position within a Research Infrastructure?	No

Offer Description

Applications are open for 1 Research Studentship, within the framework of project BiodivNBS/0010/2023 (1801P.01514), financed by national funds through FCT/Parceria Europeia Biodiversa

Workplan: The work plan must fall within the scope of the European project ‘NBSPLUS- NBS Services Promoting Local Biodiversity, Well-being and Scalable SolUtionS (NBSPLUS)’. The research activities include:

1. the development of a conceptual framework based on Grounded theory for the identification of governance processes associated with the implementation of nature-based solutions (NBS), focusing on the critical analysis of decision-making structures, participation mechanisms and institutional configurations that shape these interventions;
2. the development of an empirical component based on the collection and analysis of data from different stakeholders, centred on their perceptions of involvement, empowerment and perceived legitimacy in the context of these interventions, based on qualitative and quantitative methodologies (e.g. focus groups, interviews, questionnaires) and
3. a comparative analysis of a Portuguese case with the project's case studies in Malmo, Valencia and Quebec, as a basis for conceptualising the ecological, cultural and institutional factors that shape the effectiveness of NBS implementation.

The work plan should form the core of the doctoral project, guaranteeing scientific alignment with the project's objectives and ensuring the consolidation of the competences required to complete the cycle of studies in which the candidate is enrolled.

Duration: The research fellowship(s) will have the duration of 24 months. It’s expected to begin in July/2025, and may be eventually renewed up to the maximum of 36 months, including the duration

of the initial contract.

It is mandatory to formalize applications with the submission of the following documents: i) B1 Form – Fellowship application (https://ist-id.pt/concursos/bolsas/); ii) *Curriculum Vitae*; iii) academic degree certificate, where applicable; iv) proof of enrollment at an academic degree course (PhD); v) motivation letter.

Applications must be submitted to the email: citua@tecnico.ulisboa.pt

Where to apply

E-mail	citua@tecnico.ulisboa.pt

Requirements

Research Field	Engineering » Civil engineering
Education Level	Master Degree or equivalent
